SUPER SURFACTANT

CONCENTRATED LAUNDRY DETERGENT

Hot- and cold-water cleaning for commercial laundry

GENERAL DESCRIPTION

A concentrated blend of surfactants, emulsifiers, soil-suspending agents, anti-redeposition agents, water conditioners and optical brighteners. Designed for hot or cold water, Super Surfactant helps release soil, rinse thoroughly and address graying or yellowing of linen. Use with compatible laundry break and bleach products as part of a tailored wash program. May also be used as a presoak.

TYPICAL PROPERTIES

Appearance	Light amber liquid
pH	6.8-7.8
Specific gravity	1.03 (8.6 lb/gal)
Penetration	Immediate
Stability	1 year at ambient temperature
Wetting ability	Excellent
Foam	Moderate
Rinsing	Complete
Biodegradable	Yes

HANDLING PRECAUTIONS

For commercial use only.

Keep out of reach of children.

Consult the current product label and Safety Data Sheet (SDS) for protective equipment, handling and first-aid instructions.

DIRECTIONS FOR USE

Dispense directly from the shipping container through an automated laundry injection system.

Normal soils: 5-8 ounces per 100 pounds of work.

Optimum soil release: 150-170°F.

Wash cycle: 6-10 minutes. Extreme soil conditions may require a longer or repeat cycle.

AS A PRESOAK

Dilute 1-2 ounces per 5 gallons of water. For heavily soiled linen, the source product sheet recommends an overnight presoak.

PACKAGING

5-gallon plastic pail

43 lb net / 46 lb gross

15-gallon plastic drum

129 lb net / 135 lb gross

Technical values and use rates transcribed from the supplied product sheet.
